## NEW YORK TERMINAL.

Plans for Pennsylvania Depot in  
Heart of Gotham.

Philadelphia, Jan. 24.—Plans concerning the arrangements of tracks in the Pennsylvania-New York tunnel terminal and also for the handling of passengers and baggage in the great station, have been fully worked out. The main station will be between Seventh and Eighth avenues, where there will be twenty-five tracks, arranged in pairs, with passenger platforms between each pair long enough to take fifteen cars. West to Ninth avenue, the tracks will be extended for storage uses. East of the terminal the tracks will converge into four, each of which will run under the East river in a separate tube. Under the Hudson river the plans call for two tunnels. At the station the tracks will be forty-two feet below the street level, but this depth is to be made to seem less by placing the passenger waiting rooms and ticket offices on a floor just half-way down. Baggage and mail matter will be handled at about Eighth avenue.

## ANOTHER BRANCH.

Huge Timber Deal in Idaho Makes  
Building Imperative.

Visitors from northwestern Idaho to Salt Lake are all confident that the Lewiston-Riparian branch on the Oregon border line will be built by E. H. Harriman this year. In giving a reason for their belief they affirm that one of the greatest projects in the history of Idaho will be developed this summer, and that the first step taken toward this end was the registering of deeds in the office of the county clerk of Nez Perce a few days ago conveying a section of the system of logging east of Lewiston to A. A. Porter. The company behind Mr. Porter, it is said, is willing to put up a goodly portion of the money necessary to build the branch to connect with the Oregon Railway & Navigation company and the Oregon Short Line. When once the railroad connection is made the lumber trade, out of the local area, will be prodigious and there promises to be lively scrambles between J. J. Hill and E. H. Harriman representatives for the business.

According to the declared intentions of Mr. Porter, the Lewiston Boom company, of which Porter is the head, will transform the sloughs into an inland lake for the purpose of making a harbor for the white pine timber rent down the Clearwater river. There is adjacent and tributary to Lewiston through which the Clearwater flows, timber to the amount of \$800,000, 600 feet as estimated by the government. Of this amount it is calculated there is 65 per cent white pine of excellent quality.

The Lewiston Boom company has been granted the privilege by the war department to construct and maintain a dam in the Clearwater river that embraces about 100 miles of water surface above the system of sloughs. At the slough it is proposed to establish a lumber mill with an annual capacity of 100,000,000 feet. Active work on the plant will be commenced in the early summer. It is reported that the Warhouse syndicate of New York is behind the project.

## PROFESSOR BABCOCK MAKES A STATEMENT.

Prof. Maud May Babcock, under whose direction the "Amazons" was given at the Theater, has been accused by many of the students of being largely responsible for the action by the faculty. When interviewed by the Deseret News on the subject today Miss Babcock made specific denial. Said she:

"I wish to say that I had nothing whatever to do with the matter nor did I take the initiative in any way. It was a faculty action pure and simple, and I went before it at the invitation of President Kingsbury. I was requested to make a statement of what occurred at the Theater in the vegetable throwing, and how it affected the performers. Personally, I had no grievance nor do the members of the club have any. On the contrary, I think they enjoyed the experience, particularly as they were victorious in the end—that is, they continued their performance to a triumphant conclusion. The only grievance I had was as a member of the faculty, I felt that the boys carried their fun too far, and that that sort of thing should be checked. That was the view of the faculty and suspension was the result. But I want to say that the boys were not suspended for what they did at the Theater. The punishment was the result of their refusal to apologize—not to the public, but to the institution. Had they apologized the matter would have been no further trouble, and the matter would probably have never been regarded as anything more than an excessive demonstration of college boy spirit."

The ten sophomores of the State University, who were suspended on account of throwing vegetables at the players in "The Amazons," were yesterday found by President Kingsbury hanging round the buildings, and he promptly escorted them to the gate and admonished them not to be seen about the campus again until the term of suspension had expired.

Nearly everyone at the university, including the members of the cast in "The Amazons," say that the matter has reached a stage more serious than the offense warranted, if indeed it was intended as an insult. They go so far as to affirm that the members of the faculty would never have taken the matter up had it not been for the no-paper in the University Chronicle; that President Kingsbury intimated as much at the meeting of the students yesterday morning, by expressing the fear, that the newspaper was given to the actions of the sophomores, the people of this surrounding states, would gather the impression that discipline at the university was unknown quantity, and the young men were not required to behave as gentlemen.

The conclusion to be gathered from the statement, however, is that wherein the sophomores gave chief offense was in their refusal to apologize after receiving an official request from the faculty to do so. This failure, of course, out-and-out insubordination, a thing which the latter will not look upon with any degree of leniency. The students, therefore, by their own action have forced the faculty from a position of leniency in relation to the Theater episode, to an attitude against insubordination so that it is not the cabbage throwing that elicited their apparent harsh action of the professors but it is the rebellion against their will.

At the conclusion of the meeting yesterday afternoon the students and the professors, at which President Kingsbury explained his position as already indicated, the students met among themselves and after a general discussion drew up the following petition to be presented to the faculty:

Salt Lake City, Jan. 23, 1903.—To the Faculty of the University of Utah, Gentlemen:—We, the college students of the University of Utah, met Friday, Jan. 23, and passed a resolution that a committee be appointed to express the following sentiments of the college students, and to offer a petition:

Whereas, We acknowledge the authority of the faculty to enforce measures that they see fit, and also believe them to be just and fair, acting for the best good of the University of Utah. But, Whereas, Ten of our fellow students at the State Theater Friday last acted with no motive of disrespect, either to the public or to the Dramatic association, and no offense was taken at the time by the majority of the public. And, Whereas, One week's absence from school greatly interferes with the whole year's work. And, Whereas, The offense was not of a serious nature.

We, therefore, as college students, respectfully petition leniency for them and ask that the 10 suspended students be reinstated.

G. C. RISER, JR.,  
LEONORA CAHOON,  
WALTER EVANS,  
VALERIE KINGSBURY,  
MISS IVY DIX.

The petition was drawn up by the committee whose names are signed. It was unanimously adopted and is now being circulated among the students for their signatures. The students say they are not taking a stand against the faculty; that the latter was dragged into the affair by the agitation kept up by Parker B. Pratt, and it is to get a slap at him that they are pursuing their present course. Mr. Pratt was present at the meeting, and he manifestly offered to tender his resignation as editor of the Chronicle if it was thought his actions had given place to a prejudice against the college paper. The students did not fail to admire his position and eloquently refused to accept his resignation. His friends, however, are particularly anxious for the normal student. It is said that one of the sophomores went up to him in

## You Can Get Well Without Risking a Penny. If You'll Write a Postal to Me.

You see this offer everywhere—all the time. Don't you realize that thousands accept it?  
And don't you know, too, that I am curing those thousands, else the offer would stop?  
If you are one of the sick ones, don't wait any longer. Just write me a postal, and let me help you too.  
I will mail you the book you need, and with it I will send an order on your druggist for six bottles of Dr. Shoop's Restorative. He will let you take it for a month at my risk. If it succeeds, the cost is \$3.00. If it fails, I will pay the druggist myself. And your word shall decide it.

Please think what that means.  
No other physician ever made such an offer. No other remedy that any man knows could stand such a test. Do you not know that I must have something unusual—something almost sure?

In the past 12 years I have furnished my Restorative on trial to over half a million patients, and my records show that 35 out of each 40 have paid for the treatment gladly, because they were cured. I have willingly paid for the rest.

I studied a lifetime before I perfected a remedy that would do this. I have it now so that it always succeeds in any case that is curable. And I assure you, from a vast experience, that these chronic troubles can rarely be cured in any other way.

My book will tell you why.

Simply state which book is wanted, and address Dr. Shoop, Box 715, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. Dr. Shoop's Restorative is sold by all druggists.

the hall yesterday and pulled his nose, which action he good-naturedly laughed at.

Elbert Thomas and other members of the dramatic association stated that the sophomores had notified them that they were coming to the show with a good sized garden and wanted the front row in the pit so that they might be able, in a more convenient and accurate manner, to transfer the cabbage heads from their laps to the pit of the hero's stomach. All the members of the company understood this arrangement, and offered no protest, arguing that they were all members of the same institution and any little fun such as proposed by the irrepressible "Sophs" would give tone and color to the college spirit. Furthermore, it was stated that President Kingsbury sat only a few rows behind the cabbage heads and therefore had ample opportunity to prevent their being thrown, but instead he offered to place no check upon the proceedings.

Some of the members of the sophomore class have the notion that loyalty to the suspended is the local news, and that the University Chronicle, hanging round the buildings, and he promptly escorted them to the gate and admonished them not to be seen about the campus again until the term of suspension had expired.

## CUT DOWN IN YOUTH.

Prof. Cummings' Tribute to the Memory  
of Miss Edith May.

It is with deep regret that we chronicle the death of Edith May, daughter of Mr. and Mrs. F. J. May, of 331 First street. Miss May has always been the picture of perfect health until a little more than a year ago, when she contracted a severe cold which developed into pneumonia. This disease left her lungs weak and she fell a quick prey to the ravages of the disease; but the dread destroyer finally claimed her on Friday morning last.

Miss May graduated from the Lowell school, attended the High school for two years, and then began a business

## REV. SHANKS WANTS DIVORCE

Baptist Pastor Institutes Proceed-  
ings Against His Wife.

## HE CHARGES DESEOTION.

Sequel to a Sensation of Two Years  
Ago—Plaintiff Now in Sydney,  
Australia.

The family troubles of Rev. Ernest H. Shanks, formerly pastor of the East Side Baptist church of this city, which created something of a sensation in church circles a little over two years ago, culminated in an action for divorce, being filed by Mr. Shanks yesterday afternoon, in the Third district court against his wife, Vesta Shanks, charging her with desertion.

The trouble between the minister and his wife were aired thoroughly in the papers of this city at the time, and the breach between them became so great that they finally separated, she returning to her parents in the east, siding with her two children, and he, after resigning his pastorate, starting for the west, and that he never again entered a church and is now engaged in the hardware business at Sydney, Australia. The complaint bears acknowledgment at that place.

The complaint alleges that the parties were married at Valparaiso, Indiana, on Oct. 12, 1898, and that on Aug. 15, 1900, defendant, without the knowledge or consent of plaintiff, sold all of their household goods in this city and deserted him and ever since that time has refused to live with him. He alleges that he has at all times been ready and willing to provide a comfortable home for defendant and his family, but she has refused to return to him. He asks that he be awarded the custody of their two boys, aged 8 and 5 years respectively.

## SUGAR COMPANY SUE.

Damages of \$25,000 Asked for the  
Death of an Employee.

Yesterday in Provo suit was placed against the former "Utah Sugar company" and its successor, the present "The Utah Sugar company," by N. C. Christensen and Maria Christensen, who ask damages in the sum of \$25,000. The suit resulted from the death of Christensen, son of the plaintiffs in the case, a workman who sustained an accident on the 8th day of November, 1902, while employed at the factory of the company in Lehi. The complaint, which is drawn up by Powers, Straup & Co., attorneys at Provo, Utah, charges Christensen was employed to assist in the repair of pump, elevators and machinery; that he was unfamiliar with the work he was engaged in, and that defendant, knowing this, ordered him to wash out certain steam boilers, the doing of which was attended with great danger in coming in contact with escaping steam and hot water, a task which required experience and skill. The said Christensen, however, being inexperienced, met with an accident by the escaping of steam and hot water, which caused his death. The plaintiffs claim that as they are the sole heirs of their son and that as they were dependent upon him for support, they should be reimbursed in the sum above named.

## BROWN ANSWERS WIFE.

Tells Why He Has Not Paid Alimony  
—Why He Is Waiting.

The hearing on the motion to strike out certain parts of the complaint in the contempt proceedings in the case of Isabelle Cameron Brown vs. Arthur Brown was concluded today before Judge H. H. Jones and adjourned. In his answer to the order to show cause why he should not be punished for contempt for not paying his wife, Mrs. Brown, alimony, Senator Brown alleged that no demand had ever been made upon him for the money; that no place or time was specified in said order for the payment of said amount; that no person was named to whom the alimony should be paid, and that defendant has not since the order was made, earned a sufficient salary to pay the same.

About 9 o'clock a motion was made to adjourn upstairs, as the room in the basement was rather crowded and uncomfortable. During the afternoon some of the committee had met and set the tables, which were laden with many of the good things of the earth. This was a surprise to the ladies who were kindly and smilingly invited to take seats, while a dozen of the gentlemen had donned white aprons and waited upon their guests with becoming dignity. Mr. P. W. Madsen being dubbed "chief waiter."

President Sjodahl, in a neat speech, felicitously referred to the good done by the ladies in visiting the poor, the needy, and the afflicted. Judgment for Plaintiff.  
Judge Morse today rendered a judgment for \$5,000 in favor of plaintiff in the case of the Patagon Head and Cattle company vs. Thomas Diller. ## IDAHO SOLONS IN SALT LAKE.

Seventeen Members of Legislature  
Arrive This Morning.

## WILL RETURN ON SUNDAY.

Spent the Day Visiting Points of Interest—Special Organ Recital at  
The Tabernacle.

Seventeen of the members of the Idaho legislature are in Salt Lake. They arrived here this morning and will return to Boise Sunday evening, in time to resume their arduous work of making good laws, and unmaking bad ones, Monday morning. The party spent the day visiting all the points of interest under the ciceroneage of some of the members of the Utah Legislature. An organ recital was to be given in their honor at the Tabernacle at 5 o'clock this afternoon, by Prof. McClellan, which they appreciated very highly. This evening the party will see the performance of Sapho, at the Theater. Some of the visitors have never been in Salt Lake before, and their visit to Zion is therefore a source of unusual interest to them. The members of the party are:

Senator B. F. O'Neill and wife, Wallace; Senator George E. Crum, Lewiston; Senator John P. York, Radium; Senator Charles Baker, Custer county; Senator Albert Heath, Fremont county; Senator George A. Day, Cassia county; Senator W. W. Clark, Bear Lake county.

Representative Avery C. Moore and wife, Grangeville; Representative Howard McBride, Wallace; Representative A. Page, Wallace; Representative Francis Jenkins, Moscow; Representative A. E. Werner, Boise; Mr. George H. Kester and wife, Lewiston; Mr. E. O. Martinson, Lewiston.

## ORGAN RECITAL.

The program at the organ recital is as follows:  
Pilgrim's Chorus from "Tannhauser"..... Widor  
Toccata from "Sixth Symphony"..... Weber  
"Oboen Overture"..... Weber  
A Male Chorus: Mignon Cavotte.....  
The Soldiers' Home, will be another, asked as to what important matter would come before the legislature and mentioned the Industrial Reform school bill which will probably be passed, but upon which there will be a fight for its location, and the contest will be between Boise and some other point. The restoration to suffrage of the inmates of the Soldiers' home will be another. A reapportionment of the state, in which they promise no gerrymander. Three new counties may possibly be created. Binghams will surely be divided, and the new county will be called Anderson; there will be a fight on Clearwater county and on the division of Kootenai.

A bill for bridging the Snake river at various places and the construction of roads will also be introduced and an investigation of the sales of timber lands and other acts of the last state administration has also been ordered. The taxation of the net product of mines is another.

On the subject of appointments to various berths by the new administration there was of course a division of opinion, those who having been favored being pleased and the disappointed ones none too well satisfied. It was stated that the new immigration commissioner would probably not be Mr. Parkinson, but might be Reed Davis or Ralph Cowden or some dark horse.

## Boston Stocks.

The closing quotations on mining stocks today, as reported by J. H. Bigler & Co., were: Amalgamated, \$32.12 1/2; \$33.25; Daily-West, \$1.63 1/2; \$1.75; Utah Con., \$24.00; \$25.12 1/2; United States, \$21.87 1/2; \$22.00; Bingham Con., \$33.23 1/2; \$33.50.

## FEELING WAS BITTER.

Big Fight On at Annual Election of  
Stock Exchange.

There was much bad blood exhibited at the annual meeting of the Salt Lake Stock & Mining exchange, held this afternoon, and the result may culminate in the organization of another exchange along the lines proposed by the committee which has had the matter of changing the rules under consideration for some time.

The members of the present governing board, who sought reelection, were turned down and completely routed. The counting of votes was in progress at press time, but the slate fixed up by those in control consisted of the following:

Herman Bamberger, W. H. Farnsworth, W. H. Child, M. M. Miller, Herman Hill, Ralph Guthrie, D. H. Perry, John Hatfield and T. H. Page. The count may show a slight change in this. The person slated for the presidency, the exchange to succeed J. S. Bragford, is D. H. Perry.

The meeting was very animated at times and the feeling between the two factions was bitter.
